January 4, 2011 - Santa Paula, CA – Abrisa Technologies is pleased to announce the launch of their new corporate website located at www.abrisatechnologies.com. The site introduces the optics community to the company (Abrisa Technologies), along with its industry leading brands; Abrisa Industrial Glass, Sycamore Glass Components, and ZC&R Coatings for Optics.

Once visitors enter the site, they can navigate through the various pages to get detailed information about each of the three brands/divisions, quality, product news, events such as trade show participation, sales contact information, and more.

Of particular interest will be the markets & application pages which detail product offerings and solutions in the following industry sectors:

- Defense
- Display
- Lighting & Entertainment
- Imaging Systems
- Medical
- Photovoltaics

An in depth discussion with hyperlinks to the divisional websites is provided for Abrisa Technologies’ products & services which include:

- Precision Thin Film Optical Coatings
- Custom Flat Glass Fabrications
- Specialty Glass Products

- more -
In addition to these features, the site will run a weekly executive message which will be available via YouTube, as well as featuring a series of virtual tutorials to educate those interested in optical glass and coating solutions about various aspects such as glass strengthening, hot & cold mirrors, and more.

The site also includes a sign-up for the Abrisa Technologies RSS feed, a newsletter sign-up and social media (Twitter, Facebook, LinkedIn and YouTube).
